BASE OPERATIONS AT PAGE FIELD VOTED AMONG THE BEST FBOs IN THE AMERICAS

FORT MYERS, Fla. (April 4, 2017) – Base Operations at Page Field has been ranked in the top 10 percent of fixed-base operators in a prestigious international survey conducted by Aviation International News (AIN). This is the fifth consecutive year that Base Operations at Page Field has been named as a top fixed-base operator by AIN. In 2017, Base Operations ranked first in the Fort Myers/Naples area and scored in the top 20 for all FBOs in the Americas. The FBO Survey is conducted annually and asks pilots, flight attendants and dispatchers to provide feedback on the level of customer care at individual business and general aviation service providers throughout the U.S., Canada, Mexico, South and Central America and the Caribbean.

AIN conducts the survey year-round online and calculated cumulative averages from 2013 to present for this year's results. The survey asked qualified subscribers to evaluate FBOs they visited the previous year in five categories: line service, passenger amenities, pilot amenities, facilities and customer service representatives.

Aviation International News (AIN) is a widely respected monthly trade publication covering news, features, special reports, aircraft evaluations and surveys on business, commercial and regional aviation worldwide, and a twice-weekly electronic newsletter. AIN has been conducting surveys and providing industry reports on service since 1981.

The Lee County Port Authority operates Southwest Florida International Airport and Page Field in Fort Myers. Page Field provides services to corporate, commercial and private aviators through their business arm, Base Operations at Page Field. For more information, please visit www.BaseOperationsFMY.com.
