RSW TERMINAL EXPANSION PROJECT ADVISORY #1: GROUND TRANSPORTATION LOCATION CHANGES

The Lee County Port Authority has started work on the terminal roadway improvements that are part of the Terminal Expansion Project Phase 2 at Southwest Florida International Airport (RSW). Travelers will notice construction fencing on the lower level roadways and there will be changes to the location of ground transportation options starting **Wednesday, Jan. 8, 2025**.

GROUND TRANSPORTATION

For those arriving at RSW who will be using the Long-term Parking shuttles, on-demand taxis/limos, hotel shuttles or LeeTran bus service, the pickup locations will be different. All ground transportation will shift from the commercial lanes, located on the outer lower-level curb, to the first floor/ground level of the parking garage. Pickup points will be located on the sidewalk inside the parking garage on the first floor/ground level and will be well marked with signage. [Please see map.](#)

The Taxi Dispatch Booth for on-demand taxis and ground transportation assistance will be relocated to the first floor of the parking garage on the sidewalk, across the roadway from Doors 5 and 6.

Other changes passengers will notice this week are the following:

ARRIVALS/LOWER LEVEL

- Crosswalks at Doors 3, 4 and 6 will be closed. Crosswalks at Doors 2 and 5 will remain open between the terminal curb and parking garage.
- The front entrance to the Rental Car Facility will be closed. Customers will need to enter through the side entrances or use the center rear door of the Rental Car Facility, located on the ground level of the parking garage.

DEPARTURES/UPPER LEVEL

- Crosswalks at Doors 2 and 5 will remain open between the terminal and garage.

Due to these changes, it may take a little extra time when you are leaving RSW. Please follow signage and be cautious when using all crosswalks. The Lee County Port Authority will continue to post updates on the airport's [website](#) and [Facebook](#) to help travelers and airport users become aware of any changes.

We appreciate your understanding as we increase capacity, airport efficiency and provide passengers with more amenities and options at Southwest Florida International Airport.
